Reasons for Eligibility Determination

You are entitled to FAPE from your school corporation of legal settlement. If you reside in this school corporation, you have been offered an Individualized Education Plan for services that would be provided if your student attended public school in his/her public school district.

You have decided not to enroll your student in public school in order for your child to receive those services.

The following plan is an agreement as to how Special Education services will be provided to your student.

Services must be scheduled within the Special Education Teacher's contracted school day.
